

YOUR MISSION

SHOULD YOU CHOOSE TO ACCEPT IT

Give your students the knowledge and confidence to participate in all aspects of this fun, non-contact and inclusive sporting activity.

MISSION DETAILS

For years, Queensland Oztag has been guilty of introducing school kids to Oztag and getting them hooked on this amazing, inclusive game. Your mission now is to give them the game knowledge and tactical awareness to take their game to the next level.

Work with Queensland Oztag to encourage your students to attain their Oztag Level 1 referee certification.

Level 1 referee certification enables young players to improve their own play through game awareness. It allows students to take on more active and diverse rolls in your classroom or to assist with intra-school matches. Young qualified referees are also able to officiate at Junior and Senior events at local Venues; and be paid \$20 per game to do so. This qualification will also open pathways to referee at national and international events.

Oztag is a fast-paced exciting sport, where the main aim is to have fun. For almost 30 years, it has been enjoyed by male, female and mixed teams of all athletic abilities from the ages of 6 – 60. Passing, catching, tagging, twisting, spinning and kicking are the essential skills, all of which can be taught and developed. The game is played over two 20 minutes periods with eight players from each team on the field.

MISSION 1: Find the Passcodes
